September 19, 2017

Good afternoon Parents/Guardians:

An informational question and answer session will be held on Thursday evening, **September 21, 2017 from 6:00 – 7:00 p.m. in the Walsh Intermediate School Dining Commons.** This informational presentation provides you an opportunity to hear directly from Langan Engineering and Environmental Services regarding the PCB levels in the gym/pool areas. Matthew Myers, Senior Hazmat Specialist, and Jamie Barr, Senior Associate/Vice-President, will be available to answer questions related to how we arrived at this point, how are these projects typically handled, and what can be expected in the future. In an attempt to be responsive to the school community you may provide your questions via email [wisproject@branfordschools.org](mailto:wisproject@branfordschools.org).

If you are unable to attend the informational question & answer session it will be live-streamed on the district website [www.branfordschools.org](http://www.branfordschools.org).

Sincerely,

A handwritten signature in blue ink, appearing to read "Hamlet M. Hernandez", is written over a large, stylized blue scribble that extends across the signature area.

Hamlet M. Hernandez  
Superintendent of Schools
