October 5, 2017

Dear Parents, Guardians and School Community,

As mentioned in my October 3, 2017 communication, the report from Langan Engineering & Environmental Services, is now posted on the district's website.

The District is pleased to report repairs and maintenance to the auxiliary gym and pool area mechanical units has commenced. Once this work is complete, these spaces will be cleaned, followed by testing. It is the District's plan to follow the same steps which resulted in the large gymnasium and locker rooms opening.

Again, thank you for your understanding.

Sincerely,

A handwritten signature in blue ink, appearing to read "Hamlet M. Hernandez", is written over the typed name and title.
